QualitySolicitors
For Business

"You just don't know if a law firm is any good until it's too late! I started the QualitySolicitors legal brand after having a terrible experience of using a lawyer myself. Even though I'm a barrister, I didn't know who to choose when it came to my own legal issues. In the end, I chose badly - my lawyer never kept me updated and hardly ever returned my calls. The stress it caused was awful. Sadly, that experience is all too common.

Using a QualitySolicitors firm for your business is like having a commercial lawyer recommended to you by hundreds of trusted business advisors. That's because we only select firms to become part of QualitySolicitors that have consistently excellent feedback from their business and commercial clients. I am certain that by choosing QualitySolicitors to look after your business interests, you will have a much better experience than I did with my lawyer!"

What is QualitySolicitors?

QualitySolicitors is a national legal service with branches all across the UK. QualitySolicitors is made up of many of the UK's best law firms who have come together to create a national legal brand.

Before they can join, law firms are chosen from fierce local competition. Only the best firms are selected to become part of QualitySolicitors - based on what you, the public, tell us about them.

QualitySolicitors is delighted to be a member of the Institute of Customer Service. We are determined to improve standards of customer service in the legal market. Everything we do is designed to make life easier and less stressful for you when dealing with legal matters. Our aim is to drag the legal profession into the 21st century!

Our lawyers are experts in their legal areas but, unlike some, don't believe they have to use complicated legal jargon to prove how good they are. That's why QualitySolicitors are proud members of the Plain English Campaign.

Why choose QualitySolicitors for Business?

QualitySolicitors aim to provide the very best in customer service. With locations throughout the UK, we combine the strength and expertise of a national brand with the convenience of a local service.

Expert business lawyers...

QualitySolicitors business lawyers are amongst the best in the UK. We have the experience needed to get you the best outcome for your business. We have practical, strategic minded lawyers who understand the commercial realities of running a business. We're used to dealing with businesses of all shapes and sizes from new start-ups to some of the UK's largest and longest established businesses.

...providing the best service

All QualitySolicitors offer the following key promises:

1. Free First Consultation

Most people don't use a lawyer very often. We know it can sometimes be a worrying and unknown process. Call us or pay a visit to your local QualitySolicitors branch – all at no cost. You'll find friendly staff who genuinely want to help you with whatever your legal issue is.

Your Free First Consultation is your chance to tell us a bit about your legal issue, ask any questions you have and decide whether QualitySolicitors feels right for you. No question is too stupid and it is all completely without obligation. At QualitySolicitors, there is no need to worry about being charged the moment you step through the door!

2. Same-day response

You're busy. You don't want to wait around for days for someone to get in touch or update you on your case. Call or email us and you'll get a response the very same day.

3. No hidden costs

With QualitySolicitors you will always be kept informed of any charges in a clear and easily understandable way right from the outset. From our popular "Ask the Legal Expert" fixed price legal consultation to many of our other legal services, we also offer a wide range of fixed fee services. With this promise, we can ensure there are no nasty surprises when it comes to any fees.

4. Direct lawyer contact

If you instruct us you will want to speak with the actual lawyer running your case. Just pick up the phone. At QualitySolicitors you will not be left feeling fobbed off or having to press 1 for customer service, 2 for accounts, 3 for ...ZZZZZ...

Why should I use QualitySolicitors for my business?

We believe no-one in the entire legal market is more passionate than us about providing the very highest levels of customer service. Our specialist lawyers understand that their legal expertise is just half of the equation and that taking care to ensure the service they provide is as good as their legal ability is equally important. Our lawyers are part of the business community. They understand the pressures involved in running a successful business. They have the ability to provide commercial and practical advice on the options available to your business. You'll receive the very best service. We'll keep you informed and updated throughout your case by whatever method suits you best – phone, email, text and even the occasional old-fashioned letter! You will never be left in the dark (thanks to our 'Same Day Response') or be made to feel like your requests for updates are an inconvenience. We know that you want to know what's happening and be able to discuss practical, strategic outcomes, rather than be overloaded with legal jargon. With QualitySolicitors that's exactly how things will be done: plain English and good communication.

QualitySolicitors for Business

Following the fact finding process of the Free First Consultation one of our expert business lawyers will call you back (at a time convenient to you). They will be able to explain the services we are able to offer to you. They will not use confusing legal jargon. They will be clear about the costs involved. In appropriate cases they will offer you our special fixed-priced **"Ask the Legal Expert"** service giving you a focussed 45 minutes with an expert business lawyer.

What areas of business law are covered?

We have expert lawyers who cover the full range of business services. Our most popular services include:

- Buying or selling a business
- Advice on a contract or franchise agreement
- Protecting a business name or product or idea
- Starting a business
- Employment Law advice - from employment contracts to resolving employment disputes with employees
- Resolving business disputes - be they with customers, suppliers or partners/directors
- Growing your business - advice on the right ownership/structure for your particular needs
- Commercial property advice whether you are buying, selling or taking a lease of premises or transferring an existing lease to someone else

Ok. Sounds good but what will it cost?

All QualitySolicitors offer a Free First Consultation. The legal assistant helping you will then arrange a call back (at a time convenient to you) from a lawyer with the relevant specialist knowledge.

It is through this process that our lawyers will be able to give you an accurate idea of what it will cost to get the outcome you want. QualitySolicitors for Business offer excellent value for money and promise no hidden costs.

Could I get cheaper legal advice somewhere else?

Of course – although be wary of the hidden costs of other firms. QualitySolicitors' service provides value for money but there's always a cheaper option for everything and legal services are no different. Few law firms offer what QualitySolicitors do. The quality of your lawyer can make all the difference to the final result, not to mention the service you get along the way. If your legal issue is important to you and your business then choose QualitySolicitors.

"Extremely competent and very professional throughout. Excellent service by all the staff."

I have more questions!

To get the ball rolling call your local QualitySolicitors.

The first step is the Free First Consultation. This is when a legal assistant takes your basic details together with essential information about your business. They will also discuss with you what you are aiming to achieve. If you prefer to set out this information yourself they will be able to direct you to our online 15 minute Fact Finder Form. This First Consultation is at no charge and with no obligation.

We will then arrange for you to be called back (at a time convenient to you) by one of our expert business lawyers. At QualitySolicitors we think it is really important for you to find the lawyer that is right for you and your business. This is your chance to find out more. The lawyer calling you back will be too happy to answer any questions you have about the process, our service and legal costs. Again we make no charge for this and it is entirely without obligation - as we want our clients to be happy with their choice of lawyer.

*"A pleasure to deal with the team.
Cohesive with a real depth of expertise
and a proactive approach."*

Ask the Legal Expert Session

It may be that you are not yet ready to formally instruct solicitors. Instead you may be at the stage where you would like a one-off meeting with a specialist business lawyer to obtain general advice on where your business stands, the options open to you and, in general terms, what the likely outcome would be and what can be achieved.

We offer this popular service of a focussed 45 minutes with a specialist lawyer for a special fixed price. If it sounds as though this is the service that is right for you the lawyer will give you more details when calling you back.

Ok. I'm sold – I definitely want an expert QualitySolicitors Business lawyer. What now?

Just phone or call into your local QualitySolicitors or visit us on-line so that we can get things started for you with the **Free First Consultation**.
